

Grenfell Tower

We wanted a safer home

You ignored us

You didn't care.

Our lives were in danger

You ignored us

You didn't care.

We asked you for help

You ignored us

You didn't care.

Now we have no place to call home

You ignore us

You don't care.

Lives have been destroyed

You ignore us

You don't care.

Now we ask you for help

Yet you still ignore us

You don't care.

Our homes don't matter to you

Our lives don't matter to you

Helping us doesn't matter to you

Even though this is your fault.
