

# Grenfell Tower

It's been ten grim months now,  
And the black casket stands in disgrace,  
You treat us worse than the criminals,  
That spit deception in our face,  
Murderous cuts caused this inferno,  
Killing my neighbour who was only 5 years old,  
We demand that all truths will be told,  
You are the dealer with all of the cards,  
Don't be the joker of our disregard.
